What kind of visa/ permit do you have or applied for?

I have a work permit that allows me entry and exit from Rwanda without a visa. However, before I got the work permit, I had a one-month visa that cost \$50.

How did you obtain (or are obtaining) your visa or permit?

The one-month visa was obtained on arrival. However, I got the work permit through my organization, which arranged the process.

Did you apply for and receive your visa or permit before going to your host country or after arriving?

No, I received a visa on arrival.

What costs were associated with obtaining your visa or permit?

The visa was \$50, and I believe the work permit was \$150, which was covered by my host organisation.

Did you pay the visa / permit costs or were they covered by your organization?

It was covered by the organisation

Are you still having challenges obtaining your visa/ permit?

No

If yes, please explain further

Do you have any suggestions to help future Fellows navigate the visa / permit application process?

It is straightforward. I will note that my co-fellow had to pay out of pocket before being reimbursed. If Princeton pays you directly, you should be prepared to pay for permit costs out of pocket before reimbursement.

What vaccinations were you required to obtain prior to your departure?

How was your arrival and first week in your host country?
