My organization paid for the TEP and assisted me at the immigration office

Did you apply for and receive your visa or permit before going to your host country or after arriving?

No

What costs were associated with obtaining your visa or permit?

~\$200 USD

Did you pay the visa / permit costs or were they covered by your organization?

Covered by my organization

Are you still having challenges obtaining your visa/ permit?

No

If yes, please explain further

Do you have any suggestions to help future Fellows navigate the visa / permit application process?

I would clarify with the host organization the type of visa/permit needed. Initially, I was told I would be applying for a 6-month TEP, so I was able to make sure I had the proper documents in order. Upon my arrival and the first trip to the immigration office, we were told that because I would be here for one year, I needed to apply for a different type of permit (1-2 year working permit), which required police clearance from my country of origin. Ultimately, I was still able to obtain the 6-month TEP. We plan to renew the 6-month TEP once it expires.

What vaccinations were you required to obtain prior to your departure?

How was your arrival and first week in your host country?
