What kind of visa/ permit do you have or applied for?

I applied for a 90-day Business Visa, and it cost \$250.

How did you obtain (or are obtaining) your visa or permit?

The Tanzanian government emailed me my business visa, and now I am in the process of working with the TEC lawyer to get a work permit.

Did you apply for and receive your visa or permit before going to your host country or after arriving?

I applied for my visa before arriving in Tanzania. However, I accidentally put the arrival date a day later, so immigration made me pay for a new visa. They made me get a tourist visa costing \$100.

What costs were associated with obtaining your visa or permit?

It costs 250\$ for a business visa. TEC pays the work permit application fee directly to the lawyer's office.

Did you pay the visa / permit costs or were they covered by your organization?

I initially paid for the visa; however, TEC reimbursed me.

Are you still having challenges obtaining your visa/ permit?

No

If yes, please explain further

Do you have any suggestions to help future Fellows navigate the visa / permit application process?

Apply for your visa early and make sure to enter the correct arrival date.

What vaccinations were you required to obtain prior to your departure?

How was your arrival and first week in your host country?
