What kind of visa/ permit do you have or applied for?

I am currently on a visitor visa, but in the process of obtaining a Temporary Employment Permit.

How did you obtain (or are obtaining) your visa or permit?

On arrival at the airport in Harare, I paid for a "double entry" visitor visa. I also gathered documents and digitally uploaded them back in my home country for the TEP.

Did you apply for and receive your visa or permit before going to your host country or after arriving?

I gathered documents for my TEP, but did not get my visitor visa until I arrived. I do not believe the process for getting the TEP officially started before I arrived.

What costs were associated with obtaining your visa or permit?

I paid about \$45 for a background check, \$45 for a double-entry visa, and \$500 for the Temporary Employee Permit, but these costs have been reimbursed for me.

Did you pay the visa / permit costs or were they covered by your organization?

I paid originally, but then was reimbursed (or will be).

Are you still having challenges obtaining your visa/ permit?

Yes

If yes, please explain further

I gathered my documents and sent them in digitally before arrival; however, I have now been here for over 3 months and do not yet have my TEP. I have not encountered any troubles with immigration, and my organization has pretty much been taking care of it behind the scenes (which I am grateful for); however, it is a little stressful to be working in the country without the correct visa. I wish there were a way for this visa to begin or finish before I started working, but I do not know how.

Do you have any suggestions to help future Fellows navigate the visa / permit application process?

I believe if you do everything you're told to do and gather all your documents, there should not be a problem. I do not know what a fellow can do to make this process happen quicker. I hope that PIAF has some power to entice organizations to move this process along quickly.

What vaccinations were you required to obtain prior to your departure?

How was your arrival and first week in your host country?
